

TESTIMONIALS

OUR PARTNERS INCLUDE:

**DARING & CHALLENGING WOMEN
...one woman at a time!**

- ★ When asked "How is WETATi different from any other organization you have joined?" Kim DelValle of Florida said, "WETATi is about people growing together and helping one another through service. WETATi has a servant philosophy mindset and attitude whereas other organizations were more self-serving."
- ★ Krystal Glenn of Maryland has this to say when asked the same question: "WETATi is different from other organizations that I have joined simply because its focus is on the person. I love the way that you have to complete these questions. It requires you to think about why you are really interested in joining the organization. It's not about how many members, but more the quality of the members. They say you are only as strong as your weakest link and WETATi makes sure that all their members are STRONG in turn creating a powerful organization. I am excited to be a part of something that will not only enhance me personally as a woman but also as a business woman and sister in this community of great women. Also the leadership is divine. Margaret has an aura about her that lets me know that this is destined for GREATNESS! WETATi POWER :-)"

WETATi, a 501 (c) (3) non profit organization, was founded to Advance and Challenge women to DARE to achieve their "impossible"– whatever it is that they once thought and/or were told was "impossible" in life. It is a very unique and empowered women organization that is dedicated to challenging and inspiring women to DARE to achieve their 'impossible', regardless of their socio-economic status, geographical or other limitations. With WETATi, women are challenged to become a force for good in our world using several well thought out life-changing and personal development programs in our community, locally, nationally and internationally.

The HOME of Women Who DARE, to DARE & Achieve
